Some artifacts and structures were able to be fully recovered from the fire, such as the West Rose Window and the Crown of Thorns, which would've been irreplaceable if not rescued by French firefighters. France's sitting President, Emmanuel Macron. announced their efforts to rebuild will start immediately following the tragedy.

FOREIGN EXCHANGE

From Germany to Japan, we have students from abroad to teach you their culture whilst we teach them ours.

Hallo, Konnichiwa, Cso, Szai, Hola, and Hello from them, to us! Our goal with the Foreign Exchange Program is to educate the students on the way we learn. They also teach us about themselves and their countries. So, we gain a bit of a culture shock, for lack of better words, when you learn from people with firsthand experience. Differences aside, they are just as eager to learn as we are. We're all human, but come from such different cultural standards. So, it's critical that we take some time to learn from these students as well as teach them a few things about our ways. Regardless of any potential language barrier, they are absolutely delightful students with the need to learn as much as we do about them. With a plethora of students, you can take a journey to Europe, Asia, Central and South America and not even have to leave! Some of us have had the pleasure of meeting them or hosting them. If you haven't had the opportunity to meet them, here's your chance!

SOCCER

The Girls' JV soccer had a very successful season this fall. They worked hard at every practice, aiming to reach their full potential every game. PGS traveled near and far across the Midwest, meeting against challenging teams in tournaments alongside the Varsity squad. The Lady Kingsmen also dominated against local competition, winning the majority of their conference games. Hard work and effort has carved a path to future successes for the girls. Being a part of the PGS family has helped these girls grow as outstanding students and atheletes. With their hearts on the field, there is nothing this team can't achieve for themselves and Penn High School.

JV VOLLEYBALL

This was a great season for the JV volleyball team! They had an astonishing record of 33-3! The girls started their season off by teaching a kiddie camp. At the camp, the returning players worked on the basics of volleyball with younger kids. This includes learning how serve, pass, and hit. However, at the end they played scrimmages. "We gave the kids a little taste of what Penn volleyball practices are like by giving them a little conditioning." says Taylor Lashbrooke, 10. Overall, the girls worked very hard at every practice and game to make sure they were able to reach their full potential. Way to go girls!

The varsity football team had a great season this year! They went 8-3, and unfortunately lost at the sectional championship against the Valparaiso Vikings. Throughout the season the Kingsmen faced a lot of adversity, but they always seemed to get past it. The team was really close, even if they were down in a game they would find a way to get eachother hyped up for the rest of the game. Trenton Horvath, 12, said "In the locker room during halftime if we were down the coaches would give great hype speeches, and we would be ready to take on the rest of the game." The team might have not achieved all of their goals this season, but in the end it's the fight they put up that they will be remembered for.

SPIRIT

Spirit week is a fun time for all students to come together and make memories. This gives students an opportunity to show their school spirit, leading up to homecoming night at the end of the week. Dress up themes are chosen by the Kingsmen Court for each day starting with monday, meme and vine day. Tuesday was twin day, where many students dressed up with their best friends, some even twined with teachers. Wednesday was "On Wednesday's we wear pink" inspired by the famous movie 'Mean Girls'. It is a tradition to have Thursday as Toga Day for the seniors, and for the rest of the grades was Decades Day. In celebration of Penn pride, the week was ended with Blackout Day. Many students made this week possible by bringing many awesome costumes to Penn!

POWDERPUFF

Powderpuff is something girls in all grades look forward to every year. They get to put on their cleats, get down and dirty, and play a game of flag football. These girls have a few weeks of practice where they come up with different plays and decide who is going to play each position. Each team is split up depending on what grade you are in. Football players come out to the practices and coach them on the different skills and techniques needed to play, all up until the big day. On game day, the seniors played the sophomores, and the juniors played the freshman, and then the teams that lose the first games played eachother for second place. The two winning teams play eachother for the championship game. This year the junior team took home the win during the championship. These girls play hard and have fun while doing it! Powderpuff will be continued and loved by many of the students here at Penn.

RADIUM GIRLS

This two hour and twelve minute play, involves the tragically impacting story of Radium in America's History. In the 1920s, factories had innocent young girls dip their paint brushes into the expensive Radium, and to save money, they put the brush between their teeth to make the tip fine enough to paint dials onto the watches in order for them to glow. These glowing watches were for the men in war so they were able to see their gear in the middle of a forest.

We follow the life of Grace Fryer, a young independent dogooder. As Grace gets older, she sees her friends around her become sick and sicker to where they eventually die. Grace becomes sick because of the unknown poisonous Radium she was ingesting on a daily basis. When the word gets out that Radium is poisonous, Grace Fryer is ready to put up a fight against the heads of the company, especially the president Arthur Roeder, by taking them to court.

The play opens our eyes to the complexity of these worker's personal lives, company deception and depravation, and a chemical element that not only brought people together but literally tore them apart. From a dial painting factory to a court room case we see inside and out of history unfolding and changing for the better.

ABIGAIL BASSLER, 10

"As a team, we have learned that riding makes you strong, teaches emotional control, and the importance of patience and forgiveness."

EQUSTRIAN

As a new club at Penn, the Equestrian Club drew lots of attention from students who ride and work with horses outside of school. Members compete in local competitions for both English and Western divisions throughout the school year. Additionally, they practice walk, trot, and canter skills to refine their equestrain skills! Equestrian club is a big hit for any horse lovers!

- **2.** Ms. Beelaert, the English ASB teacher, holds the team's trophy after a victory for Penn.

ACADEMIC SUPERBOWL

Academic Superbowl consists of teams focusing on English, Math, Science, Social Studies, and Fine Arts. The clubs are led by teachers Ms. Beelaert, Mr. Grounds, Mrs. Tiebout, Mr. Bowers, and Mr. Oke.

The members join together to compete against other schools with their extensive knowledge on their topic. They studied as a group once a week as well as preparing on their own for competitions in their differing subjects. The theme this year was the Fertile Crescent, a crescent-shaped area in the Middle East spanning over modern-day Iraq, Israel, and other surrounding countries.

Academic Superbowl started practice in November and continued studying until the State competition in late April. Math and Fine Arts both won state titles in their division! All teams worked hard to finish their season strong.

REFLECTING ON OUR SEASON

DELNA BALSARA, 11

"I liked academic super bowl, the season was really good! I'm proud of everyone's work this season."

YEWON OH, 11

"ASB was a great way for me to learn towards a common goal with my team. This year's theme was really interesting, too."

FOREIGN LANGUAGE

Foreign language is a great way to branch out and experience something new. Students experience different cultures and speak new languages across the globe. Languages range from Spanish, French, and Japanese. Within the foreign language clubs at Penn, there is so many opportunities. Getting to be apart of other cultures outside of our daily life is a great opportunity for kids to experience.

Dressing up, trying foods from around the world, and dancing, are a few of the perks of being in a foreign language club. The students involved are exposed to new types of music. They are able to wear costumes and clothing similar to the clothing of the culture they're learning about. ASL, Spanish, German, French, Japanese, and Chinese are the languages that are offered to take here at Penn. Students are able to learn more about what their culture of choice has to offer. Students are able to experience the possibility with other students and make memories that will last a lifetime.

DECA

DECA, Distribuitve Education Club of America, is a competitive business club where kids at Penn can choose an event that they would like to do and compete at different competions. There are different types of categories that the kids can choose from, such as marketing and selling. In one of the events, the students take about 10-20 for a role play situation of a business role to prepare for the judge. There is also one event where the students take a few months to write a paper, and than present their idea from the paper to a judge. These are just some of the few that you can choose. The students that take apart of this business club go to international, which took place in Orlando, Florida this year. 10 of the DECA students recieved the opportunity to go this year. At Penn High School there are also three competions that the DECA kids attend. DECA does not only compete but they are also a club that helps decoarate the halls around school, decorates the kingsmen statue, and even have port-a-pit chicken sales.

GAPP

The German-American Partnership Program is a great opportunity for American students to immerse themselves in a new culture, and introduce their partners to their own culture. German students stayed in Mishawaka during their summers, and Penn students in turn had the chance to explore life in Germany with their host families over their summer vacation. They learned all the ins and outs of German culture, while simultaneously expanding their language skills. Overall, this program is an excelllent way for students to grow and learn more about the world around them.

DUMBLEDORE'S ARIVIY

The spirit of the Harry Potter world is alive and well in room 190! This year Dumbledore's Army came back for its second trip around the sun. While the group was a little smaller this year, the comraderie and excitement and spirit was bigger than ever. We made wands, potions, hosted debates, played Harry Potter clue, and of course...celebrted the Triwizrd Tourament! We stepped up the ante this year with the tournament being bigger and better than ever. We started with a blindfolded dragon drawing challenge, a difficult HP trivia kahoot, and finished off with the hardest scavenger hunt yet. Thanks for another magical year!

Why DA?

GUS POGUE

I really loved the DA because it was a place where you could just hang out with other kids who liked Harry Potter. You got to make great friends and share awesome experiences.

CORRINA HICKS

Dumbledore's Army is a place for nerdy and geeky people to freely be nerdy and geeky. We are all united by the common trait of passion and that's what makes it special.

THE TASTE TEST

Dalya mentioned to the class that she'd tried a granola bar that was "somewhere between spicy and sour". Naturally we had to have a taste-test and debate party. This resulted in two clear sides, a call to Hershey to ask about the technical flavor of their blue jolly rancher, and lots of laughs.

DOCUMENTING THE YEAR

YEARBOOK

"Yearbook class? I thought yearbook was a club!" Ask any member of the yearbook staff and they will more than likely tell you this is a sentiment they hear often. Yes! Yearbook is a class offered throughout the whole year at Penn High School. This is a class where we gather together all the most important moments from the school year in one incredibly detailed book for our entire community to enjoy. Each year presents new problems and challenges to face, but it makes it easier to have a small group of people around you who can support you through it. This is how this yearbook staff operated. If it looks like we had a lot of fun, it's because we did.

MODEL

Model United Nations, a club that has a little of everything. From learning about international affairs, how the actual United Nations work, and more. Being able to replicate the most powerful international system of government is an opportunity like no other. Representing all 193 members of the United Nations is no easy feat by any means. Having to moderate all these students doesn't seem easy either, but this does not stop these students from gaining a wonderful opportunity to model a representative for a country.

What skills can you walk away with after joining the club?

The projects taken on by these exemplary students focus on the four pillars of the National Honor Society-scholarship, leadership, character, and service. While these students were selected for their excellence inside and outside of the classroom, their collaborative efforts allow them to grow into outstanding candidates for future enrollment in colleges and community leaders.

BIG BROTHER BIG SISTER

Big Brother Big Sister is a year long club where juniors and seniors get to spend time with kids from elementary schools. These kids are chosen by teachers and parents, then placed in Big Brother Big Sister because they may be going through personal struggles at home or school. Students from Penn go to these schools to help with homework, talk through problems, or just simply spend time with them. This club takes place once a week, during study hall. Some of the activities done during Big Brother Big Sister include homework, games, crafts, reading, and anything else the child would like to do. TAKING IT TO **NATIONALS**

Penn had quite a turn out this year at the national stage for Speech and Debate! Nationals took place in Dallas, Texas this year on June 17th through 21st. Penn did a phenomenal job representing their school and we're s proud of them! Go team!

WHAT DID THIS SEASON MEAN TO YOU?

MICHAEL RILEY

This last season has meant the end of the beginning, for though my time in high school debate has ended, it has but germinated the seeds for my future in college debate, and eventually debate at a national stage.

KRIYA PATEL

The Speech and Debate team helped me develop the talent which opened so many opportunities. This season of speech and debate meant a lot to me because it gave me the knowledge and the friendship, that I will cherish for the rest of my life.

TALK ABOUT IT SPEECH & DEBATE

Nearly all people can recall a time a speech or a message filled them with emotion- wether that be a positive or negative emotion, all that matters is the audience was moved. The art of using specific words and facts and information to sway a crowd is a skill that is not often given time to develop, but luckily Penn High School students don't have to worry about missing that opportunity! The Speech and Debate teams at Penn both grow these skills in all students who decide to participate. No, these teams aren't just about talking a lot or fighting with others, but it does help to add a bit of spirit in your step if you aren't afraid of those things. Nearly every Saturday morning from October to March, these students come together to celebrate their successes and fight through their losses to become the well spoken adults of tomorrow.

KINGSMEN COURT

The Kingsmen Court has worked hard to make major waves of change throughout the halls of Penn High School this year. This club serves as the student council for Penn, and they are always busy with an exciting project that will better Penn for both students and faculty. Kingsmen Court has worked on a few noteworthy projects this year such as organizing class meetings, spirit weeks, and broadcasting information about clubs and fun school events to students. This year, the executive board gained major attention from local media when their plan to change Penn's traditional Valedictorian system to a Latin system beginning with the incoming freshmen in 2021. For those looking to make a difference in the school, grow themselves as a leader, or just make new friends-Kingsmen Court is the perfect club for you!

Down in a hidden corner of Penn High School, PNN works on giving Penn their latest news through video, social media posts, and announcements on their website. Students work on their journalistic skills while getting to know their peers and staff. Though it is taught by Mr. McNulty, they believe their news should be led by students, for the students. With new members joining the veterans this year, the class quickly becomes a family and team over the year, and all work together to meet their goals.

The students accomplishes this through participating in the first robotics program, the crafting of an effective robot to perform at competition, and their servitude to the community with pride and devotion. This team is welcoming, friendly, and an easy going group of teenagers. During the 2018-2019 year, Team 135 had 20 seniors leading the group. Freshman Mentoring is a club available to 10th-12th graders. The upperclassmen get assigned a small group of freshmen. They take half of their study hall to go meet with their groups and help this get familiar with the building and the struggles that come with entering high school. Some of the topics of discussion include: stress management, what to do when offered drugs or alcohol, mental health awareness, and how to choose their **MENTORING** classes for next year. These small group times help the freshmen get to know a few peers in their grade as well as meeting an upperclassmen and a friendly face to know around the halls.

Knitting club is a place to express yourself, learn something new, meet new people, enjoy snacks, and of course learn new knitting and crochet techniques. The new club has grown and become more popular over the couple years since it started. Sophie Vulmirovich, 12, started the club in hopes of finding people with a similar passion as her. Once the majority of the club learns more about the basics, they plan on doing more advanced work and more around the school. Once the club has advanced as a group, they plan on doing projects to raise money for different causes and charities in and outside of school.

THE SHUDDERSOME TALES OF POE

The play "The Shuddersome Tales of Poe" consists of some of Edgar Allan Poe's most famous works retold in a theatre adaptation by Lindsay Price. From "The Tell-Tale Heart," to "Lionizing," to "The Raven," and finishing with "The Masque of the Red Death" each adaptation of Poe was connected through a character named Rosalie Poe, Edgar's half sister, reading his works for the first time. The students that got to act in this show at Penn were a part of the Advanced Acting class. Not only were rehearsals during school but also after, needless to say everyone involved with this production put their hearts into it. Even though the cast and crew recieved 4th place at regionals, they know they put on a breath-taking performance that even Edgar Allan Poe himself would be proud of.

WE ARE ONE

Penn High School's choir is not only a group of students directed by teachers but, most of all, they are a family. Being supportive and loving, this choral group makes the endless rehearsals worth it. The students and directors rehearse before school, during school, and after school to make their shows the best that they can be.

In February, the community lost a member of their choir family, Kassidy Hockert. Everyone involved in the choir community made sure to spread their love and supportiveness through the hard times. In honor of Kassidy, the entire choir wore purple ribbons on their suits and dresses for the entire concert to have Kassidy there dancing with them.

The choir family includes seven choir groups full of upper and lowerclassman that all put in their time, sweat, tears, and love everyday and performance. This concert's theme was titled, "We Are One" to show the audience that these groups care for each other like a family. In the second to last song that all of the combined choirs perform together, "Sisi Ni Moja". This title means "We Are One" in Swahili. In the last performance of this song, at the end of the night, students hold each others hands as some have tears and others smile. Overall, they spread their love within their family and the community.

BAND

At Penn, we are lucky to have four main bands fit for players at any level. The head of the department is Mr. Northern along with the other band teachers Mr. Griesser and Mr. Landoll. There is the Freshman band, Concert Band, Symphonic Band and Symphonic Winds. The directors take turns conducting the classes and picking music for the bands. Every year, the band participates in a band competition called ISSMA to judge the bands skills and progression over the year. This year, all the bands received gold ratings from ISSMA. The Symphonic Winds made it to the ISSMA state finals. The finals take place in Indianapolis and take two days to complete. In the end, the Winds placed eighth overall in the state.

Each band performs in three concerts throughout the year. This year to celebrate the gold ratings, some of the bands were able to perform extra songs during the spring concert. They played fun songs such as a melody from Beauty and the Beast. Seniors from all the bands were given a special send off as they played the National Anthem before the spring concert began. The bands are like a family and hope for the best of their graduating members.

GIRLS' VARSITY BASKETBALL

The Girls' Varsity Basketball Team is coached by Coach Kristi Ulrich. She has led the team for the past 10 years and she's not intending to stop leading the team through their season for a while to come. The team had a great season this year and gave every team a run for their money. The team went undefeated the whole regular season, they won the Northern Indiana Conference, and the Sectional Championship; they fought a hard battle in the Regional Championship against Crown Point but they ended up losing and ending their season with a record of 25-1. The team was led by three seniors, Hannah Bobo, Makenzie Kilmer, and Jayda Smith. The seniors led their team and helped them achieve everything they did and left them with some great leadership traits. A major accomplishment that occured in the season was Reganne Pate scoring a record of 3 point shots made in one single game!

In three separate games this season, she broke the record of 3-pointers made in one game. In the game against South Bend Adams, she scored nine 3-pointers. She has made a total of 74 3-point shots in this season alone. Pate continues to break her own record.

GIRLS' JV BASKETBALL

The Girls' JV Basketball Team is coached by Coach Gray and Coach Yarrell. The JV team had an outstanding season, as well. The team finished their season with an overall record of 19-2. One of the teams best victories was their victory over the Mishawaka Girls' JV Team. In that game, they finished the game with a score of 41-23. The stars of that game were Gracie Bobo with 13 points, Sydney Little with 7 points and Grace Schutt with 7 points as well. While interviewing the team about their season, most of the girls had amazing things to say about their coaches. Most of the girls expressed how they went to practice and played games while having great supporters coaching them on the bench.

GIRLS' FRESHMEN BASKETBALL

The Penn Girls' Freshmen team is coached by Coach Scott. These girls are the youngest in the program, but they are far from the weakest. Most of these girls have been playing basketball for most of their lives and have been involved in the Penn Jr. Fall League, and the Penn Summer Travel Team. They have been under Penn's coaching for years. Due to the length of their time playing basketball especially in the Penn organized Leagues, or throughout middle school, they knew of one another. For them to all be on the same team going into high school helped each and every one of them go into high school just a little less nervous with already having new friends established. Nonetheless, the girls finished out the season with a 16-2 record and are ready to play on the JV and Varsity teams next season.

"I'D NEVER THOUGHT I'D HAVE SUCH GREAT FRIENDSHIPS WITHIN A TEAM."

PAYTON ADKINS, 9

COMPETITION POMS

Penn Competition Poms is the toughest of the tough. Using just their bodies and their smiles, this team has competed and danced their way through the year with seven months of consistent training and practice. With the largest class being seniors, the team was confident in their abilities and skills. Over the season, the team fought through obstacles such as going up against their biggest competitors and constantly changing the routine to fit the judge's opinions. Their score kept climbing as the season continued until State where they scored an 82. The girls performed to their full potential and came home with pride in their hearts. The team placed 4th among their competitors on March 9th, 2019 to end their season.

"THIS TEAM IS
THE MOST
DRIVEN
GROUP. IT'S A
BATTLE BUT
WE FIGHT
EVERY STEP OF
THE WAY."

RISE TO THE TOP

This year, the Competition team had a long and hard journey ahead of them. They started practicing in August, 4 months ahead of their first competition, just to prepare and train for the competitive and skilled teams they were up against. Adding and changing the choreography every week and perfecting it all within two practices was normal for this team. They fought hard, keeping their score in an upward swing week after week. Within 3 competitions, the team's scores jumped from 61 to 80! They won the program's first win out of seven teams in years, and kept working week after week in order to earn their ticket to State. Finally, on March 9th, the team competed their last routine of the season at State and received 4th place.

VARSITY & JV POMS

At every home basketball game, dancers crowd in the half. Dancing, stretching, and laughing, there they are; ready to perform at the halftime show. Varsity and Junior Varsity Poms work from September through February, choreographing and working on new dances for boy's basketball games. The teams each learn 2-3 brand new dances per season to switch it up and keep the audience hooked on their show.

SWIM

The Penn Boys' Swim and Dive team certainly made a splash this season with their outstanding successes. The countless early mornings and long evenings practicing in the pool certainly paid off, as seen throughout their successful regular season. This hardwork brought the boys to first place at both sectionals and NIC. Even then, this team wasn't done yet. These victories sent their team to the state finals, where they sent six talented swimmers to represent Penn. The team took an outstanding 8th place amongst challenging competitors near and far. Besides their accolades, these swimmers have also seen great success within their own team through their dedication and integrity. With so much spirit and talent to spare, it's certain that this team will carry this success in seasons to come.

PEP

Pep band is a voluntary after school club for those in band who wish to support their fellow students at basketball games. Students are given popular music to play before the game begins and during time outs. Mr. Landoll, band director, leads the group through every song during the games. The band is open for anyone to participate in and provides a fun environment to meet other students. Students from different bands can meet each other while also playing fun music that they normally don't play in class. BASKETBALL CHER

All of the basketball cheer teams had an incredible season! Between the Freshmen, JV and Varsity team, the girls were able to work together to learn many cheers and dances. During the practices, the girls work hard in order to be prepared for the games, where they show off all of their skills. Faith Haluska, 11, says, "I like that duing the games, we get to show everyone what we work on during the practices." The flyers must have full trust in their bases while stunting, since they are being thrown in the air over the gym floor. All the girls all have a close bond with each other to make the stunts work. Together they pull off these amazing tricks and performances for the audience to witness.

BOYS' HOCKEY

The hockey team had a season full of ups and downs. The team had a new coach this year, so they came together to work harder than ever this season. Senior Nick Harman, 12, was the captian, alongside him were the co-captains, Degan Ross, 12, Ryan Calhoun, 12, and Jackson Lambert, 12. Outside of the rink the boys had team dinners, and team bonding experiences. Over Thanksgiving the team delivered dinner to the families at the Ronald Mcdonald house at Memorial Hospital. Overall they had a fun hard playing season!

WINTER GUARD

Here at Penn, we are lucky to have three Winterguard groups. There is Junior Varsity 2, Junior Varsity and Varsity. Each group tells different stories with their props and bodies. Penn students and middle school students join together to make cohesive shows. Everyone practices after school at Penn with the different props needed for each show.

The guard director, Jen Buckholz, creates fun stories and when paired with the members it creates a stunning perfomance. Each member works hard and helps each other to make sure the show is perfect. Junior Varsity 2 had a Greatest Showman inspired show while Junior Varsity's centered around a bell. Varsity's show had Southern flair with country music playing and red wagons being an important part of their show. This year the Junior Varsity and Varstiy Winterguard were thrilled to go to State. A State send off led by Coach Harper set the mood for their final performances. Varsity winterguard took third place overall while Junior Varsity took tenth in state. All groups gave fantastic perfomances throughout the season. The guard hosted other highschool and middle school teams for a showcase this winter. Every group did their best and really flaunted their talents this year.

Many students love to dress up for Snowball in their finest formalwear. With very few chances to do so within the year, students typically enjoy taking pictures with friends.

DANCING

While not everyone may be the best at it, you can't go wrong with dancing. With great music and friends, students enjoy tearing up the dancefloor each year at Snowball.

SNOWBALL 2019

Penn High School's midwinter dance, Snowball, is always a favorite highschool memory for most students. Occuring just after winter break, the dance allows students to let loose for a night of fun with friends following the dreary return of business as usual with school work. Traditionally, students dress up in their best suits and dresses and proceed to attend the dance with friends or their dates. This year's theme was "The Crystal Ice Palace", and the record-breaking cold temperatures outside the school certainly reflected this. With fairy lights, draping curtains, and snow-themed decorations, you would never guess that the dance was at Penn's very own Main Arena. Students had a fantastic time on and off the dance floor this year. The joyful memories made at this lively event are certain to last a lifetime.

VARSITY BASEBALL

The baseball boys team bond far deeper than just games and practices. This years baseball is no exception to that by any stretch of the imagination. They shared immense growth and victory with one another this year. They had an undeniably great start this season and continued to keep up the effort. The team members have sheer desire and intense willpower. They worked to have a season similar to last year when they held the best record in 4A in the state. We couldn't be more proud to call these student athletes Kingsmen now and always. The team has improved from their freshman greatly and only expect more from each other. Penn High school takes great pride in the Penn boys baseball team and continues to support the boys. The team works as hard as they can as soon as they hit the field as always put in effort. We're extremely proud of all of the Penn baseball teams.

Many of the team members are working towards becoming a varsity players next year. Through ups and downs and wins and losses of all kinds, the bond of this team has no ends. There is no better anecdote to summerize the grit, rigor, determination, and teamwork that brought this team together this year. The Freshmen baseball team had a terrific season! With a team of fifteen kids, they got a lot accomplished. As this is the first time any of these kids have played for a highschool team, they did a great job and have come a long way. They spent a lot of time bonding and growing their relationships on and off the field. Many of the boys have been working hard all season to make it on junior varsity and varsity next year. With many practices each week, every member of the team has contributed to the acomplishments that the team has had. We're excited to see the boys success in their upcoming years!

& FIELD

The Penn Boys' Track and Field team certainly made their mark this season with their outstanding successes. The countless long runs and intense practices on and off the track certainly paid off, as seen throughout their successful regular season. This hardwork brought the boys to first place at NIC, Sectionals, and Regionals. They also won the Max Truex tournament for the first time in program history. Even then, this team wasn't done yet. These victories sent their team to the state finals, where they sent many talented runners to represent Penn down at IU Bloomington. At state, Kevin Krutsch, 12, took an outstanding third place in the high jump. Besides their vast seasonal accolades, these runners have also seen great success within their own team through their dedication to the sport. The Kingsmen cheered eachother on as many of their runners hit new personal records. With so much spirit and talent to spare, it's certain that this team will carry this success in seasons to come.

This season came shortly to an end after sectionals, but the memories that were made this season will never fade. This team had a hardworking attitude and a strong bond that led them to many victories throughout the season, holding a record of 19-2. BOYS' RUGBY

This Spring Season for the Boys' Rugby Team was one to remember and will not be forgotten by the players, the coachers, and the team's supporters. The Boys worked together as a team and persevered through tough games with tough opponents. One of the biggest accomplishments for the team this season was beating the formerly 1st ranked team in our region, Royal Irish. That team is really competitive and is tough competition for Penn. In this season alone, not only did the boys beat an opponent that they haven't beat in years, they also won the Midwest Championship. These two fantastic victories led to the Penn Boys' Rugby Team to be known around our state and region. The team competed in the National Championships in Salt Lake City, Utah and placed 6th in the Nation. The team finished their amazing season with a 13-2

GIRLS' RUGBY

The girls' rugby team had an overall outstanding spring season will many wins and not-so-many losses. The team worked harder than any other team in previous years and showed out for the audience and their supporters. The team did not let any team, no matter how big or small, or how good or bad, intimidate them. They gave their all during every game. When talking to the team, it seems as if they were all extremely close and it is due to the amazing group of seniors this year. Some underclassmen say the seniors are who recruited them and intrigued them into playing the sport they fell in love with this season. After a few months, in some cold, rainy, muddy, and many sweaty games, the girls fought their hardest and came up 2nd in the state.

PENNSTOCK

Juniors who took U.S. History, spent a lot of time learning about the culture during the 60's. As a way to wrap-up their learning, teachers created Pennstock. This is a two day event which compares the famously known "Woodstock". Juniors who are currently taking U.S. History take a day to dress up from the 60's and can choose one of many opputonities to participate. Students can sing a song from the decade, give a speech about the occurring problems people had during that time. make a booth giving out posters and buttons advertising different topics, and much more. This year, the weather was a big problem, and two of the classes had to have pennstock inside. The rest of the classes got to go outside for the block. Overall everyone had a great time during this two day event. Pennstock is a unique way to connect to what students have learned this year. - 3. The grand total presented at the end of the Dance Marathon was over \$36,000!

"IT'S SO REWARDING SEEING THE SMILES ON ALL THE CHILDREN'S FACES."

DANCE MARATHON

In their inaugural year last year, Penn Dance Marathon club members broke the record for the largest first-year donation to Riley Hospital for Children with a grand total of over \$25,000. Each individual dancer raises their own funds through a personal page along with other opportunities to fundraise such as their Day of Hope. All year, the club prepares for the all-day long Dance Marathon where members stay on their feet to honor the children who cannot. Patients from Riley Hospital travelled to Penn to share their stories of their journey alongside Riley's supportive staff and innovative technology. This year, Penn raised the bar even higher, totaling their efforts to \$36,900 at the end of their Dance Marathon!

- **4.** The runner-ups of the dodgeball tournament won a free t-shirt for their efforts.
- **5.** Members took a trip to Riley Children's Hospital to connect with their cause.
- **6.** Teachers, Mr. Starkweather and Mr. Berres, participated in turkey legs to raise money.

NOT JUST A DANCE

Dance Marathon had various events throughout the year to raise money for Riley Hospital for Children, including walking around football games, volunteering at Bittersweet Elementary School Fall Festival, and their annual dodgeball tournament led by Mr. and Mrs. Ball.

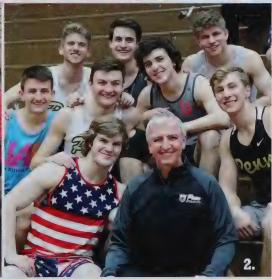

- 1. Club sponsors Mrs. Ball and Ms. O'Brien pose with Dr. Thacker.
- **2.** PHM Superintendent Dr. Thacker stopped by to encourage the boys in the dodgeball tournament.
- **3.** The club got a brand new flag to proudly wave in support of Riley Children's Hospital.
- **4.** At some football games, members walked around in hopes of raising some funds for their cause.
- 5. Led by Mrs. Rice, the blue team callled themselves, "Rice Rice Baby!"
- 6. Dancers strike a pose to give a sassy end to the routine.
- 7. The dodgeball tournament alone raised over \$4,000!

WHY WE DO DANCE MARATHON

AUDREY PAGE, 10
"I dance for the kids because they are going through tough times and being able to do something about it is so inspiring to me"

MATTHEW PRUITT, 12

"Being able to be so involved has been such a rewarding experience. It's been great to work hard and have fun for a cause that's so meaningful."

ANDREA SEROCZYNSKI, 11

"The families that we impact are the greatest, and Dance Marathon has opened my heart to the joy we bring to others."

PICTURE PERFECT

Getting dolled up for a big performance is a great excuse to pose with friends and family celebrating the year-long hard work dancers go through for their final performance as a class. Dancers have fun with makeup and costumes while backstage.

VARIETY IN DANCE

TAP

Tap dances focus on small movements of the feet to make clicking or "tapping" sounds with metal-toed shoes. The music can be an accompanying piece to the sounds the dancers make.

Modern dance shines light on a more naturalistic style of dance. It distincts itself from ballet with less focus on technique and more on the expression of emotion through movement and showmanship.

THEME

Theme dances differs from class to class. This year's theme was "Pages to Screen," with dances varying from jazz to modern and hip-hop. Shown right is "Where the Wild Things Are."

- **1.** Dance 3 members became good friends after dancing and rehearsing together throughout the year.
- 2. Anna Hellman, 9, smiles to the crowd while performing her jazz dance.
- **3.** Victoria Lafree Beckett, 11, remains graceful in her modern performance on stage.
- **4.** Some varsity poms team members joined together once again for the dance classic performance in various dances ranging from all levels.
- **5.** Ballet's core value is grace, with flowing movements and technique taking center stage.
- **6.** Members of a local dance studio gather to celebrate coming together to perform once again.
- 7. Kathryn Madlem, 10, smiles during her tap performance to wow the crowd.

"DANCE IS MY FAVORITE WAY TO EXPRESS MYSELF AND BOND WITH MY FRIENDS"

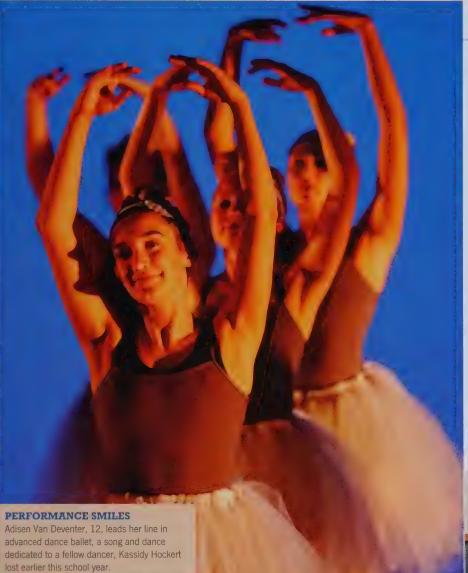

PENN DANCE CLASSIC

Penn Dance classes work on their final performance in late May. They practice skills in ballet, tap, jazz, and modern dance and showcase those skills in front of their peers and parents. Penn Dance allows all dancers of all different skill levels and experience, but all students must start at level 1 with Mrs. Honaker. Their dances range in choreography as well, especially level 2, in which the students take part in choreographing their own performance pieces. The dancers also take part in a theme dance. This year's theme was Pages to Screen, including dances themed Harry Potter, Divergent, the Wizard of Oz, and the Lorax. The performances were a success for Penn Dance and their hard work paid off in front of their parents and peers alike.

2. First year dancers tap dance dressed to their best.

3. Advanced dance is taught and choreographed by Mrs. Wolfe, center.

4. Dance 1 used hip-hop to pump up the crowd during the first act of the show.

DANCERS TOGETHER

- **5.** Payton Yates, 9, Madelyne Moore, 9, Dina Shriver, 9, and Emma Reszeszutko, 9, pose in their jazz outfits.
- **6.** Advanced dance had Harry Potter as their theme with Mecca Burke , 11, playing Voldemort and Maddie Bansback, 12, dancing alongside.
- **7.** Hannah Kummeth, 11, Natsume Narasaki, 11, and Sydney Riddle, 11, pose in their dressing room.
- **8.** Grace Schutt, center, 10, poses with her friends that came to cheer her on in the audience.
